SECTION 9 HISTORIC RESOURCES

30-9-101 Intent

The Town of Berthoud recognizes that certain significant historic resources located within its boundaries contribute to the unique character of the community and are irreplaceable, and as such, merit preservation. Ordinance #920 established a Historic Preservation Commission; a program for the identification, evaluation, and designation of Local Historic Landmarks and Districts; providing information on public incentives for the preservation of Local Historic Landmarks; and land use regulations regarding the alternation, moving or demolition of Local Historic Landmarks and properties on the State or National Register of Historic Places. In 2011, the title of the Historic Preservation Commission was changed to the Berthoud Historic Preservation Advisory Committee by Resolution 4-11. Resolution 4-11 also identified procedures and operations for the Historic Preservation Advisory Committee.

Historic Context — An organizing structure for interpreting history that groups information about historic properties which share a common theme; common geographical location, and common time period. The development of historic contexts is a foundation for decisions about the planning, identification, evaluation, registration, and treatment of historic properties based upon comparative significance.
**Historic Integrity** — The authenticity of a property's historic identity, evidenced by the survival of physical characteristics that existed during the property's prehistoric or historic period and the composite of its location, design, setting, materials, workmanship, feeling and association.

**Site** — location of a significant event, a prehistoric or historic occupation or activity, or a building or structure, whether standing ruined, or vanished, where the location itself possesses historic, cultural, or archaeological value regardless of the value of any existing structure which may include underground features, e.g. battlefield, campsite; or natural features, food-gathering areas, etc.

1. Properties listed on the State Register of Historic Properties and National Register of Historic Places, including all properties within State or National Register Historic District boundaries, are eligible for automatic listing on the Designated Local Historic Landmark Register.

2. No property shall be designated without the written consent of the owner. In the case of the formation of a Historic District where there are multiple ownerships, a majority of the owners within the area of the proposed District may form the District but the regulations of that District shall only apply to properties that are identified as contributing within the District at the time of formation, or later as approved by the Town Board of Trustees on a case by case basis.

D. That yielded or may be likely to yield, information important in history or prehistory.

5. The Committee in making a recommendation and the Town Board of Trustees in making a decision shall develop findings based upon the criteria set forth in this Code, to support its recommendation and decision. These findings shall indicate those elements of a property, including any landscape, and archaeological features that are included in the designation and subject to regulation under the provisions of this ordinance.

30-9-106 Designation of Local Historic Landmarks

A. Recommendations for designation of Local Historic Landmarks. Pursuant to the procedures set forth in this Section, the Committee shall make written recommendation to the Board of Trustees that a site, building, structure, object, or district be designated as a Local Historic Landmark for preservation, meeting the criteria set forth in this Section. Each such recommendation shall include a description of the characteristics of the site, building, structure, object, or district's historic significance and integrity, which justify its designation and shall include a legal description of the property. The recommendation shall indicate alterations that would have a significant impact on, or be potentially detrimental to, the historic features of the site, building, structure, object, or district. Any such designation shall be in furtherance of and in conformance with the purposes and standards of this Section.

B. Procedures for designating Local Historic Landmarks.

1. Applications. Applications for designation of Local Historic Landmarks must be made to the Town Staff on forms provided by the Town. Applications shall be made only by the owners of 100 percent of the property for which the application is submitted, except as provided in Section 30-9-105.

3. Committee review. The Committee shall consider and make recommendations upon applications at regularly scheduled or special meetings within a reasonable time of receipt of staff recommendations. The Committee shall recommend approval, approval with conditions, or disapproval of applications, and shall immediately forward written notice of their recommendations to the Town Board of Trustees. In the event of failure of the Committee to act in a timely manner, the Town Board may proceed without a Committee recommendation.

4. Town Board of Trustees action. After a recommendation by the Committee, and with public notice given as provided in Section 30-1-117, the Town Board of Trustees shall by resolution approve, approve with conditions, or shall deny the proposed Local Historic Landmark designation.

5. Withdrawal of applications. Prior to action on an application by the Town Board of Trustees, an Applicant may withdraw the application by submitting a written request to the Town Clerk.
6. **Recording.** The resolution designating a site, building, structure, object, or district as a Local Historic Landmark shall be recorded in the records of the Larimer or Weld County Clerk as appropriate.

**30-9-107 Limitation on Resubmission and Reconsideration**

Whenever the Town Board of Trustees denies an application for Local Historic Landmark designation, or whenever an owner withdraws an application, no application for the same site property may be submitted within one year of the disapproval or withdrawal.

**30-9-108 Amendment of Designation**

The designation of a Local Historic Landmark may be amended to add additional features to the property according to the application process described in Section 30-9-106 for new designations.

**30-9-109 Alteration of a Designated Local Historic Landmark**

All modifications to designated Local Historic Landmarks shall be done in conformance with the Secretary of the Interior’s Standards for Rehabilitation as published by the U.S. Department of the Interior, National Park Service.

**30-9-110 Notification of intent to alter a Designated Local Historic Landmark**

The owner of a Local Historic Landmark agrees to notify the Town Staff of the owner’s intention to alter (any defined minor or major alteration), demolish, move or remove the Landmark and provide plans for the work at least 30 days prior to beginning such work. This notification requirement shall run with the land and shall bind successors and assigns. The Town Staff shall, upon receipt, forward the notification and plans to the Committee for review and recommendation. The Committee shall review the plans and may advise the owner on the potential effect of the plans on the Local Landmark designation. The Committee may forward a recommendation to the Town Board that, based on the plans, the historic designation be modified or revoked.

**30-9-111 Alterations, relocations or demolitions**

1. No exterior, landscape, or archaeological element of a designation Local Historic Landmark which is specified as significant in its designation shall be altered, removed, or demolished without authorization issued by the Town Staff pursuant to this Section and a building permit issued, if required under the currently adopted building code.

2. No minor exterior alteration, relocation, or demolition of a designated Local Historic Landmark or a Contributing Structure in an approved Historic District shall be allowed without authorization issued by the Town Staff pursuant to this Section.

3. No major exterior alternations, relocation, or demolition of a designated Local Historic Landmark or a Contributing Structure in an approved Historic District shall be allowed without authorization issued by the Town Board of Trustees with a recommendation by the Committee.

4. Prior to submitting an application for a permit pursuant to this section, the Applicant(s) is encouraged to request a pre-application conference with Town Staff and/or the Committee to review concepts and proposals. The Committee may form ad-hoc sub-committees for this purpose. Committee members participating in pre-application conferences shall disclose their ex-parte contact at the time of any public hearing on the proposal.
5. In cases requiring a public hearing for the relocation or demolition of a Designated Local Historic Landmark, or a Contributing Structure in an approved Historic District, the Committee shall review and recommend to the Town Board of Trustees and the Board shall take action upon such applications. The burden of proof, as per the factors found in Section 30-9-111 C, lies with the Applicant. Applications may be approved, approved with conditions, or denied by the Town Board of Trustees. The Town Staff shall include any conditions imposed by the Town Board of Trustees in permits issued pursuant to this section.

6. Minor or Major Alterations: Authorization from the Town Staff is required for work identified as minor alterations as defined in this Section. Authorization from the Town Board of Trustees with a recommendation from the Committee is required for work identified as major alterations to the exterior as defined in this Section. In order to approve an application for an alteration of a Local Historic Landmark, or a Contributing Structure in an approved Historic District, the approving authority shall find that the proposal meets the following standards:

   a. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.
   
   b. The historic character of a property shall be retained and preserved. The relocation of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property shall be avoided.
   
   c. A property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, shall be discouraged.
   
   d. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.
   
   e. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.
   
   f. Deteriorated historic features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.
   
   g. Chemical and physical treatments, if appropriate, shall be undertaken using the gentlest means possible. Treatments that cause damage to historic materials shall not be used unless otherwise approved by the Town Staff.
   
   h. Archaeological resources should be protected and preserved in place. If such resources must be disturbed, mitigation measures should be encouraged.
   
   i. New additions, exterior alterations, or related new construction shall not destroy historic materials, features, and spatial relationships that characterize the property. The new work shall be differentiated from the old and shall be compatible with the historic materials, features, size, scale and proportions, and massing to protect the integrity of the property and its environment.
   
   j. New additions and adjacent or related new construction shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

7. In order to approve an application for the relocation or demolition of a Local Historic Landmark, or a Contributing Structure in an Historic District, the Committee and the Town Board of Trustees must find that:

   a. No prudent and feasible alternative exists, or
   
   b. The designated property is deteriorated beyond repair, or
c. The value to the community of the proposed use of the property outweighs the value of retaining the Local Historic Landmark.

8. At the public hearing of an application to relocate or demolish a Local Historic Landmark, or a Contributing Structure in an Historic District the Town Board of Trustees, upon recommendation by the Committee, may, in the interest of exploring reasonable alternatives, delay issuance of a permit for up to 90 days from the date of the hearing. If, ten days prior to the expiration of the delay period the Committee finds that there are still reasonable alternatives to explore, it may recommend to the Board of Trustees a delay for an additional period of up to 90 days.

9. In approving an application for the demolition of a Local Historic Landmark, or a Contributing Structure in an Historic District the Committee may recommend to the Town Board of Trustees and the Board may impose the following conditions:
   a. Photographic, video, or drawn recordation of the property to be demolished, and/or
   b. Salvage and curation of significant elements, and/or
   c. Other reasonable mitigation measures.

10. No provision of this Section shall be construed to prevent the ordinary repair or maintenance of a Local Historic Landmark, or a Contributing Structure in an Historic District, when such action does not involve a change in design, materials or appearance.

11. No provision in this Section shall be construed to prevent the alteration, demolition or relocation of a Designated Local Historic Landmark, or a Contributing Structure in an approved Historic District when the Building Official certifies that such action is required for the public safety.

30-9-112 Revocation of Local Historic Landmark designation

The Town Board of Trustees may, by resolution, revoke or modify the designation of a Local Historic Landmark, after ten days’ notice to the owner and after public hearing, and with a recommendation by the Committee if any of the following conditions exist:

[A]. If any owner of a Local Historic Landmark fails to provide notification as required in this Section, or if alterations to the Landmark will significantly alter the historic character and/or integrity of the Landmark;

[B]. If an owner of a Local Historic Landmark submits a written request to the Town for revocation of a designation;

[C]. If the Committee makes a recommendation to the Town Board of Trustees for modification or revocation based on an owner’s written intent to alter a Local Historic Landmark; or

[D]. If modifications are made to a Local Historic Landmark that are found by the Committee and the Town Board of Trustees to not be in accordance with the standards specified in this Section.
