### 4. How the meetings will run

*A brief overview was given by Chair Maggie Langer about the structure of the meetings. Members are expected to arrive on time and participate in conversations. The meeting will always follow the agenda. When there needs to be a vote, one member must make a motion to approve the subject and another member must second the motion. Any member can add an agenda item to the agenda but they must go through the Chair of the commission to do so. If any member cannot make a meeting is it an expectation to let everybody know as soon as possible.*

### 5. Current ongoing projects

*With this being the first meeting for some members, the new members were informed of the current ongoing projects the commission has. The Matthew Yannutz Fund and volunteer opportunities through Berthoud High School were discussed. As well as other opportunities for meetings in the community and the google drive file of resources if anyone is ever lost or does not know where to start. There was also discussion about the current plans to make a video promoting mask usage in the Town.*

### 6. Volunteer opportunities

*The ongoing project of finding volunteer opportunities for the youth in our community was discussed and members are encouraged to promote the volunteer opportunities they find. There was a schedule made that will be visited again at the next meeting regarding volunteer promotions.*

### 7. The Video

*Since the Commission has already held some meetings the current project of promoting unity and mask usage was discussed. We have begun working on a video that promotes staying safe and wearing masks throughout this pandemic. The video will be cut up into sections with different students, community members and familiar faces. The rough deadline for the finalization of this video is the week before Spring Break in March. Since there has not been much community engagement like we had hoped, the commission will have to step in and make videos of themselves as well.*

8. New year expectations

*The basic information of the Youth Advisory Commission was shared during this meeting. The bylaws and position expectations were read and agreed to by everyone. The shared google drive and how it is organized was shared. Communication through the app GroupMe was discussed and agreed on as the main method for communication.*
