Greenlawn Cemetery Reflects Berthoud's History While Embracing the Future with Newly Designed Interactive Map

Berthoud, Colorado (October 8, 2025): October presents an opportune moment to reflect on Greenlawn Cemetery, a site that has been an integral part of Berthoud's history for over 140 years. Located along Highway 56 and County Road 1, Greenlawn Cemetery serves as the final resting place for many of the community's friends, neighbors, and loved ones. The cemetery remains a peaceful and enduring symbol of Berthoud's past.

Although Greenlawn is one of our town's oldest landmarks, it has recently adopted new technology designed to make visiting and remembrance more accessible. "Greenlawn Cemetery predates the incorporation of our town, so it is an important part of our history", says Town Administrator Chris Kirk. "We've been making improvements there in the way of irrigation and maintenance, so adding an online search element fits nicely with our desire to maintain Greenlawn as a meaningful part of our community."

Through a newly implemented online search system, visitors may:

- Locate loved ones
- Check the availability of plots
- View the exact location of a burial site on an interactive map

When visiting the cemetery in person, the mobile-friendly version of the website will guide users directly to their desired location. This integration of history and technology ensures that Greenlawn Cemetery remains a place of remembrance, connection, and respect for generations to come.

Residents and visitors are invited to explore the new system by visiting www.Berthoud.org/Cemetery.
