COVID-19 RESOURCES FOR BERTHOUD’S BUSINESSES
COVID-19 is impacting our local businesses. Here’s what you need to know

The uncertainty surrounding COVID-19 has taken a toll on many local Berthoud businesses. To help provide resources to local businesses feeling the impacts of COVID-19, the Town has partnered with the Berthoud Area Chamber of Commerce, the Main Street program and other Northern Colorado economic development partners.

The Town has devoted a section of our website where businesses can find information about the Paycheck Protection Program, Town Utility Assistance Program, Local Business Relief Program, state resources and loan programs that are available to small businesses.

With information constantly changing as the situation evolves, make sure to check back often. We will be updating the website to include resources and information as it becomes available.

COMPREHENSIVE PLAN

We’re updating the Town’s Comprehensive Plan and need your help!

Berthoud’s Comprehensive Plan Project will, with your help, identify present and future needs of the community and define a set of policies that will allow the Town to coordinate development to accommodate growth as well as maintain our distinctive town character.

Input for the plan update will be sought from local residents, businesses, property owners and community leaders. The plan will be a statement of how the community views itself, what the Town envisions for the community’s future and the actions the Town will undertake to implement the vision and goals of the community. The final product – the 2021 Berthoud Comprehensive Plan – will provide a guide for accomplishing community planning objectives for many years to come.
