Helping businesses and developers find opportunities in Berthoud is a year-round job, but as we kick off January, it’s an exciting time to look back and review where we’ve been, and plan ahead for some great opportunities in our community.

Over the last several years, Town staff has been dedicating time and resources to efforts that make Berthoud an attractive location for residents and businesses. More than 160 companies have made inquiries about potentially relocating to Berthoud. Not all companies are a fit for Berthoud, but the word is getting out about what a good place it is for business and residents. In fact, this past year two primary employers relocated to Berthoud from the Denver area.

The Business Development office also keeps an up-to-date database of all our sites and buildings that are ready to turn over for a new business. We meet regularly with our primary employers to build relationships, foster a business friendly environment, and help them access resources to expand and grow in our community.

In addition to working one-on-one with businesses, the Business Development office works closely with state and regional economic development organizations to promote our community and leverage resources, events and information.

2017 efforts will include continued and enhanced communications with current and potential businesses, site consultants and commercial real estate brokers, attending regional conferences or events (such as Unity in the Community) to promote Berthoud opportunities, and host a new, yet-to-be-named showcase event centered wholly on Berthoud’s opportunities.

Feel free to contact Walt Elish, Business Development Manager, if you have questions or ideas. welish@berthoud.org or 970.532.2643.

TOWN HALL HAS MOVED

Please note that Town Hall has moved, effective January 5, 2017, to its new location, 807 Mountain Avenue. Due to the Town’s steady growth and anticipated growth, the original Town Hall at 328 Massachusetts Avenue was not able to house the staff and equipment needed to serve the community. The new facility is nearly double in size and offers room for expansion in the coming years. The Town leases space in the building to Guaranty Bank and Edward Jones. The Town’s main phone number has not changed, 970.532.2643. A public open house is being planned and will be announced on the Town’s Facebook page, Twitter account, on Nextdoor and on Berthoud.org.

TOWN OF BERTHOUD TRUSTEES

CITIZEN ASSISTS...........19
ASSIST OTHER AGENCIES (FIRE/MEDICAL)..........16

SNOW REMOVAL TIPS

While snow removal is messy and sometimes really hard physical work, the Town wants to offer a few tips to help everyone get to where they need to go safely.

1. Don’t push snow in the street. The snow hardens and can damage the Town’s snow removal equipment.

2. Keep trees’ bases clear of snow. The chemicals used to prevent icy streets and sidewalks can kill trees.

3. Wait till after we plow, then shovel your sidewalk, especially by schools.

Learn more about the Town’s snow removal plan at berthoud.org/home/showdocument?id=668.
