in the Bein Room 6:15 p.m.
- 2 Youth Advisory Commission**
6:00 p.m.
- 13 Historic Preservation meeting**
5:30 p.m.

BERTHOUD RESERVOIR AND UNIFIED TRAILS MASTER PLANS

In 2016, the Town of Berthoud began work on a Parks, Open Space, Recreation and Trails Plan (PORT). One of the prioritized needs was to establish two independent but connected master plan initiatives, the first for a unified trails system ensuring connectivity throughout the Town of Berthoud and the second for providing public access with amenities to Berthoud Reservoir.

After months of planning, the Town Board has approved the plans and is ready to move forward with the development of these new amazing recreational opportunities for the Town of Berthoud.

BERTHOUD RESERVOIR MASTER PLAN

The Berthoud Reservoir Master Plan outlines a truly inviting place for Berthoud residents. The final concept includes

several additions to the space: a restroom, covered picnic area, water access via a boardwalk and fishing dock as well as a nature play area. Visitors to the Berthoud Reservoir may enjoy time out on the lake with non-motorized watercraft including canoes, kayaks and stand-up paddleboards.

The plan also suggests turning the south entrance to Berthoud Reservoir off CR10E into a pedestrian and bicycle-friendly entry that connects to the reservoir trail system.

COMPREHENSIVE TRAILS PLAN

The Berthoud Unified Trail Master Plan connects trails throughout the town to each other and with existing area systems, providing trail access to Fort Collins and Loveland in the north, Carter Lakes and Horsetooth Reservoir to the west and Longmont to the south.

NEXT STEPS

The next step to turning these plans into reality is to prioritize funding for future construction of the plans. To learn more stay tuned to updates at our website berthoud.org/reservoirandtrails.

MOSQUITO SAFETY

During the warmer months the mosquito and tick populations emerge from hibernation. In addition to being annoying, both of these insects can transmit serious diseases.

Keep yourself and your family safe this summer by using appropriate sprays and repellants when going outside. You can learn more at berthoud.org/west-nile.

PET SAFETY

Not only is it bad for your pets to stay inside the car when it's above 80 degrees, it's also against Berthoud Municipal Code. Remember that internal car temperatures can soar quickly. Keep your pets safe this summer by keeping them out of the heat.

SUMMER CODE ENFORCEMENT

1. Cut and remove all weeds and grasses.

2. Make sure to keep your property clean by housing all garbage in containers and removing any accumulated trash.

3. Water responsibly and don't run any major irrigation systems between 10 a.m. and 6 p.m.

COMMUNITY STATS – MAY 2018
